Summerwood

Residential Care Home

Facilities, Activities & Amenities

Summerwood is located in Ashley, a small hamlet close to New Milton, Hampshire. A thriving town close to the New Forest National Park, it is also in close proximity to the beaches of Barton-On-Sea, Milford and the port of Lymington. The house is situated within walking distance of local bus services to Bournemouth, Southampton and other places of interest. Also within walking distance are a number of local shops, churches and parks.

Summerwood offers extremely flexible accommodation including a semi-independent flat and a total of eight bedrooms over three floors, and a total of nine bath/shower/toilets, most being en-suite. The spacious lounge opens onto one of two private gardens. The rear garden is home to our free-ranging chickens who produce the most delicious eggs, their house and run having been built by Summerwood residents! The second garden offers a sensory area.

We encourage residents to take an active role in their lives by supporting them to carry out day to day tasks. To develop confidence levels and promote social inclusion we help residents to enhance their lives by seeking new activities and experiences both locally and in the wider community. We offer a range of activities such as pet therapy, art, chicken upkeep, gardening, BBQs, picnics and parties, and we also attend a variety of local events.

Residents have the choice of where they would like to go and what they would like to do during holidays or weekend breaks. Breaks away provide residents with the opportunity to interact with different people in new surroundings and to help develop social skills.
